

REFERENCE LETTER FOR MATTHEW BEHRENS

November 19, 2025

To whom it may concern,

I am writing to provide a reference for Matthew Behrens, whom I have worked with previously on a capstone project at Lethbridge Polytechnic. Matthew is an excellent team member with a willingness to put project needs before personal success. Matthew is excellent at communicating well. He also has a very good eye for graphic design and was the main lead for web design in our project.

Matthew also is well versed in his technical knowledge and is willing to learn more as he feels the need. During our project he stepped into roles that weren't necessarily assigned as he saw the need arose, spending time outside of scheduled meetings and work periods to learn more and contribute.

I would fully recommend hiring Matthew as his interpersonal skills, his strong work ethic, and his technical expertise would be valuable in any workplace. I believe he will bring excellence in any role he takes on.

Should you wish to talk to me about Matthew, please call me at (403) 795 6976 or email me at chvanstralen@gmail.com

Sincerely,

Caleb Van Stralen
